Focus areas are the themes that are driving Thornlie's improvement and enabling us to meet our aspiration. They are easily communicable logical drivers of our performance. Objectives are a subset of the focus areas. They are defining what it is that we specifically hope to achieve by working in these three focus areas. Initiatives refer to the major pieces of work that we are undertaking to accomplish our objectives under each focus area.

All Thornlie Senior High School Operational Plans are developed using the School Improvement Program Placemat to ensure coherence and staff understanding of the school initiatives and improvement strategies.
